

## Produkt Information

#2027

### Product information:

Heavy duty solvent free cleaner for industrial general maintenance. ETS-Armament Cleaner contains high-tech additives for cleaning weapons and where corrosion inhibitor is needed It is also applicable on ferro and nonferro. It has longer lifetime.

### Application:

ETS-Armament Cleaner used cold is a replacement for aromatic free solvent. ETS-Armament Cleaner user warm is used for heavy applications to speed up degreasing working and drying time.

### Advantages:

- ➔ Non- flammable, Non-Poisonous, Phosphate free, Non-toxic
- ➔ High bio-degradability
- ➔ Product de-emulsifiers.
- ➔ Lifetime is 2 times compared with solvent degreasers.

### Replacement for:

ETS-Armament Cleaner is a replacement for organic solvents (aliphatic hydrocarbons, white spirit, thinner etc.), chromated products and solvent / emulsion cleaners.

### Directions for use:

General Cleaning: ETS-Armament Cleaner is a concentrate product. Dilution (with water) depends on grime: use cold for general light cleaning, use warm (50 C) for heavy cleaning and/or quickly drying .It can safely be used with all methods of use cleaning: High-pressure spraying, circulation cleaning, manual cleaning etc. Anti-foam available if needed.

### Safety

Keep out of reach of children. For further information see material safety datasheet.

**This product has been registered by NATO and NAMSA and used as stock items.**

### Packaging:

25L, 210L

1000 L plastic jerry cans

### Shelf life:

4 years

### Storage:

Do not store under 35 °F / 2°C and not above 122°F / 50°C Do not use below 35 °F / 2°C.

**Water Danger Class: 0**
